

SUPPLEMENTAL BID BULLETIN NO. 22-007-2

Bidding for the

Supply and Delivery of Various Medical and Surgical Supplies (112 Items-Line Bidding)

Bid Reference ITB No. 22-007

This Supplemental Bid Bulletin **No. 22-007-2** is being issued to inform all the prospective bidders on the following amendment:

- a. **Section VI Schedule of Requirements**
Please see attached Revised Schedule of Requirements
- b. **Section VII Technical Specification**
Please see attached Revised Technical Specification
- c. **Price Schedule**
Please see attached Revised Price Schedule

Item No.	Item No.	Specification
36	Dressing, Transparent 9-10cm x 25cm WITH pad	Packaging - Usage: Single use - Sterility: sterile - Presentation: individually packed, see-through packaging -Label: lot number, expiry date Features - adhesive - waterproof - with bacterial and viral barrier Functionality: a) Ease of Use: absorbent and non-adherend pad
43	Gown, Poly-Coated	Packaging: Usage: Single use, Disposable Sterility: Non-sterile Presentation: Bag of 10's Specification: Size: Universal Material Composition: a) Poly-coated/Polyethylene; Latex Free b) Lint-free/Splash or Fluid resistant Features: - light weight/knee length - long sleeves with tight cuffs - extra length waist tie-on (attached for snug fit) Functionality:

		<ul style="list-style-type: none"> - splash resistant - compatible with recommendation from any of the following: <ul style="list-style-type: none"> i. OSHA (Occupational Safety & Health Administration) ii. ASHP (American Society of Health Administration) iii. ONS (Oncology Nursing Society) iv. ISO 13485 Certified/FDA approved - at least class II or at least 40 gsm ANSI/AAMI - American National Standards Institute/Association of Advance of Medical Instrumentation.
66	Reagent Strip, Glucose 50's	<p>TEST STRIPS</p> <ul style="list-style-type: none"> a. individually foil wrapped b. requires small sample size (0.2-0.5ul) c. wide measurement range (10-500 mg/dl) d. Accurate for universal sample type (capillary, venous, arterial) e. easy to open packaging with little risk of contamination of strip f. accurately read by a glucose meter with the following: <ul style="list-style-type: none"> f.1. ease of operation f.2. multiple operator usage f.3. clear and readable LCD display f.4. automatic on and off f.5. autcoded f.6. to be loaned 2-3 meter per unit with 10 back-up units at CSSU
97	Dressing, Transparent 8.5cm - 10cm x 12cm - 15.5 cm WITH Pad	<p>Packaging</p> <ul style="list-style-type: none"> - Usage: Single use - Sterility: Sterile - Presentation: individually packaged, see-through, peel-away packaging - Label: lot number, expiry date (at least 2 years from the date of delivery) , manufacturer reference number <p>Specifications</p> <ul style="list-style-type: none"> - Dimensions: 9 - 10 cm x 12 - 15 cm - Material: Urethane polymer <p>Features</p> <ul style="list-style-type: none"> - Transparent and waterproof - With non-adherent pad on center of film - Breathable film allows moisture, vapor and oxygen exchange <p>Functionality</p> <ul style="list-style-type: none"> a)Durability: must not easily peel-off upon casual use, manipulation b)Ease of use: Conformable and flexible to skin surface c)Safety: Impermeable to liquids, bacteria and viruses
98	Dressing, Transparent 5-6cm x 6.5 - 7.2 cm With Pad	<p>Packaging:</p> <ul style="list-style-type: none"> - Usage: single use - Sterility: sterile - Presentation: individually packaged, in peel-away cover - Label: lot number, expiry date (at least 2 years from the date of delivery) , manufacturer reference number <p>Features:</p>

		<ul style="list-style-type: none"> - waterproof - with bacterial and viral barrier - breathable - with absorbent and non-adherent pad. <p>Functionality:</p> <p>a) durability - packaging must not easily tear aside from intended use</p> <p>b) adhesiveness - must display good adhesiveness upon recommended use, with good adhesion and removal capability</p> <ul style="list-style-type: none"> - must display strong adhesiveness especially during water activities, showering and bathing <p>c) conformability - must conform to skin, without bubbles or other deformity upon intended use</p> <p>d) non irritating</p>
103	<p>Pouch, Flat (Steam Sterilizer) 3 inches (75mm)100 feet or 30.48 meters per roll</p>	<p>Packaging</p> <ul style="list-style-type: none"> - Usage: Multiple use - Sterility: Non sterile - Presentation: rolls - Label: lot number, expiry date (at least 2 years from the date of delivery) , manufacturer reference number <p>Specifications</p> <ul style="list-style-type: none"> - Dimensions: 3 inches width, 100 feet or 30.48 meters length per roll - Material: peel-off pouch, front plastic, back paper - Thickness: 60gsm -70gsm <p>Features:</p> <ul style="list-style-type: none"> - with chemical indicators placed continuously on either side of sheet - interoperable with all existing steam sterilizer units - medical grade plastic and paper <p>Functionality:</p> <p>a) must react to given process indicators</p> <p>b) must have good peel away quality on all seals</p> <p>c) must allow the contents to be dried after sterilization with no presence of moisture</p> <p>d) must resist tears and punctures, during sterilization and normal handling.</p> <p>e) must not produce discoloration from the packaging or the indicator.</p> <p>f) The seal should not spontaneously open, when the package is in sterile storage.</p> <p>g) the pouch roll must show good visibility, transparency on one (plastic) side.</p> <p>h)Process Indicator- Following sterilization, a color change from the indicator must occur as per manufacturer's specifications shows that the pack has been processed through a sterilization cycle.</p>
107	<p>Pouch, Flat Sterilization, 12 inches (300mm) Steam Sterilizer</p>	<p>Packaging</p> <ul style="list-style-type: none"> - Usage: Multiple use - Sterility: clean - Presentation: rolls - Label: lot number, expiry date (at least 2 years from the date of delivery) , manufacturer reference number <p>Specifications</p> <ul style="list-style-type: none"> - size: 100 feet/roll, <p>Features:</p> <ul style="list-style-type: none"> - with chemical indicators placed continuously on either side of sheet - interoperable with all existing steam sterilizer units - medical grade plastic and paper <p>Functionality:</p> <p>a) must react to given process indicators</p> <p>b) must have good peel away quality on all seals</p>

	<p>c) must allow the contents to be dried after sterilization with no presence of moisture</p> <p>d) must resist tears and punctures, during sterilization and normal handling.</p> <p>e) must not produce discoloration from the packaging or the indicator.</p> <p>f) The seal should not spontaneously open, when the package is in sterile storage.</p> <p>g) the pouch roll must show good visibility, transparency on one (plastic) side.</p> <p>h) Process Indicator- Following sterilization, a color change from the indicator must occur as per manufacturer's specifications shows that the pack has been processed through a sterilization cycle.</p>

i. Item No. 9 – Abdominal Binder (Medium): Quantity: 130 pcs. Unit Cost: 290.00 Total Cost: 37,700.00

ii. Item No. 11 – DELETED

iii. Item No. 14 – Bag, Urine Collector, Pedia: Quantity: 721 pcs. Unit Cost: 4.00 Total Cost: 2,884.00

iv. Item No. 34 – DELETED

v. Item No. 37 – Enema Bag/container, w/ Fr. 24-28: Quantity: 10 pcs. Unit Cost: 950 pcs. Total Cost: 9,500.00.

vi. Item No. 58 – Lancet, Blood Needle: Quantity: 168,239 pcs. Unit Cost: 10.00: Total Cost: 1,682,390.00

vii. Item No. 73 – Transparent Dressing with Chlorhexidine gluconate (CHG) 8.5 cm x 11.5 cm: Quantity: 3,187 pcs. Unit Cost: 300.00 Total Cost: 956,100.00

viii. Item No. 74 – Transpore white (short roll) 1" x 1.5 yard: Quantity: 4,364 pcs. Unit Cost: 27.50 Total Cost: 120,010.00

ix. Item No. 77 – Tube, Nasogastric (Silicone) Fr. 16 Quantity: 5,621 pcs. Unit Cost: 300.00 Total Cost: 1,686,300.

d. Approved Budget Cost is hereby amended:

From	To
Php 72,987,772.60	Php 68,487,772.60

e. Amendment the Schedule of Bidding Activities:

2nd Pre-bid Conference	October 29, 2021 (Friday) 9:00AM BAC Conference Room Grd. Flr. NKTl Main Bldg.
Issuance of Supplemental Bid Bulletin, if any	November 5, 2021 (Friday)
Submission and Opening of Bids	November 12, 2021 (Friday) 9:00AM BAC Conference Room Grd. Flr. NKTl Main Bldg.

This Supplemental Bid Bulletin including Annexes, if any, shall form part of the Bid Documents. Any provisions in the Bid Documents inconsistent herewith is hereby amended, modified and superseded accordingly.

For guidance and information of all concerned.

Issued this 27th day of October 2021 in Quezon City.

Name: _____

Legal Capacity: _____

Signature: _____

Duly authorized to sign the Bid for and behalf of: _____

Section VII.

Revised Technical Specifications

NKTI Reference No. IB 22-007

Technical Specifications

Instruction:

Bidders must state in the column provided either “Comply” or “Not Comply” against each of the individual parameters of each Specification stating the corresponding performance parameter of the equipment offered. Statements of “Comply” or “Not Comply” must be supported by evidence in a Bidders Bid and cross-referenced to that evidence. Evidence shall be in the form of manufacturer’s un-amended sales literature, unconditional statements of specification and compliance issued by the manufacturer, samples, independent test data etc., as appropriate. A statement that is not supported by evidence or is subsequently found to be contradicted by the evidence presented will render the Bid under evaluation liable for rejection. A statement either in the Bidder's statement of compliance or the supporting evidence that is found to be false either during Bid evaluation, post-qualification or the execution of the Contract may be regarded as fraudulent and render the Bidder or supplier liable for prosecution subject to the applicable laws and issuances.

CARDIO SUPPLIES											
1	Paper, ECG Recording Z-fold	Packaging - Usage: Single use - Presentation: Individually pack - Label: Lot number, manufacturer and expiry date (at least 2 years from the date of delivery) Specification - size: 210mm x 145mm; - 200 sheets Functionality a. Ease to use: ECG tracing must be clearly readable. must be compatible with our existing equipment (Kenz cardico 1215)	piece	150	670.00	100,500.00					
2	Paper, ECG Z-Fold Recording Z-fold	Packaging - Usage: Single use - Presentation: Individually pack - Label: Lot number, manufacturer and expiry date (at least 2 years from the date of delivery) Specification - size: 210mm x 140mm - At least 142 sheets Functionality a. Ease to use: ECG tracing must be clearly readable. must be compatible with our existing equipment (Kenz cardico 1215)	piece	150	320.00	48,000.00					
3	Disposable Electrodes	Packaging - Usage: Single use - Presentation: 50's per pack - Label: Lot number, manufacturer and expiration date (at least 2 years from the date of delivery) Specification - size: at least 1.6 inch. x 1.5 inc. Features - adhesive foam backing standard stainless steel snap connection Functionality a. Durability: at least 24 hours wear time b. Ease of use: at least 10 pcs. per pad c. Safety: Hypoallergenic	piece	24,141	12.00	289,692.00					
						438,192.00
